Golf carts are for your **use within Hacienda Pinilla resort**, these are not legal to drive outside of resort premises.

Please keep golf carts on **paved roads only**, and go **SLOW over speed bumps**. Going too fast can shake battery cables loose and leave you stranded. Includes **no Lola's or Playa Langosta**.

If you find yourself stranded, **DO NOT attempt to tow** golf cart yourself. There is a special setting that if not set, can cause further permanent damage to the carts. Please contact us immediately if stranded via phone or text at numbers above.

Use and Care

Golf carts are stored in the Pura Vida House garage. If you rent golf carts, you will be given a **garage door opener for use with the carts**.

The key will be found in the cart ignition, and the charging cord will be in the plug. Please always leave the carts charging when not in use; this is better for the batteries, even if the charge light shows full.

Please ensure **garage door is closed** at all times after entering and exiting, and that the **key is in off** position, and the carts are plugged into charge.

To start the cart, turn the key one click clockwise for on; two clicks right at night will put it in drive with the headlights. (White cart has separate lights button.)

Forward/Reverse switch is on dashboard near the key slot.

Please take the key with you when the cart is parked outside of our garage.

The code for the Las Brisas neighborhood main gate (where our villa is located) is on the keychain – code 565625. There is also a key for the side gate next to the villa, please lock up behind you!

Thank you, and have fun!! Be sure to look all around as you drive through the resort, you will see tons of wildlife, including howler monkeys, iguanas, colorful birds, and more!
